

JUAN MANUEL MARTINEZ PRIETO

Visual Designer | UI/UX | 3D

ABOUT ME

Visual Designer with over 10 years of experience in the design field. I hold a degree in Industrial Design, and my background combines expertise in UI/UX design and 3D art. This multidisciplinary experience allows me to approach design from both a functional and visual perspective, with an understanding of how form, usability, and visual communication work together. I have an adaptable mindset and continuously explore new tools and technologies, including AI, to improve my workflows, optimize processes, and adapt to the constantly evolving design landscape.

WORK EXPERIENCE

2021 – Present
Nimble Giant Entertainments
Buenos Aires, Argentina

At Nimble Giant, I have had the opportunity to work as a Senior 3D Artist on AAA projects for clients such as Paradox, Paramount, Saber Interactive, and Epic Games, among others. My experience has involved working across different areas of design, combining creative problem-solving, visual development, and technical knowledge to support the needs of each project.

2017 – 2021
BoxitSoft
Mar del Plata, Argentina

I had the opportunity to contribute to the development of multiple mobile games, including Drive for Speed, Clash of Wizards, Game of Warriors, and Zombie Conspiracy, among others. My work involved creating a wide range of visual assets as a Generalist Artist, while also supporting the UI with graphic elements when needed. Working across different projects and visual styles allowed me to develop a broad design perspective, combining visual development, art production, and creative problem-solving.

EDUCATION

2012 – 2018
Industrial Designer - Universidad Nacional de Mar del Plata
Graduated as an Industrial Designer specializing in Product Design

2024
Figma UI UX Design Essencials - Udemy
Course focused on Figma and the fundamental principles of UI/UX design.

TOOLS

Figma	After Effects
Claude	3Ds Max
Photoshop	Substance Painter
Blender	Davinci Resolve
